

CAROLINIAN CANADA COALITION

A Unique Connection for your Group

How do you conserve nature in one of the most threatened landscapes in North America?

Envisioned and created three decades ago by ecologists passionate about protecting the special nature of the Carolinian Life Zone, CCC is a unique conservation solution for southwestern Ontario. Together, groups and sectors dedicated to healthy lands can address the myriad of shifting impacts that are putting our wildlife and human communities at risk. Your group is part of the solution.

CCC is the whole that is greater than the sum of the parts

Do you need to build your supporter base without spending a fortune?

Do you need to focus your limited resources on on-ground actions & spend less time at the computer?

Do you want to be part of a strong collaborative effort and vision?

Maximize Your Impact

We collaborate to make a positive cumulative impact and link sectors for healthy landscapes in southwestern Ontario.

Stretch Your Resources

We save you time and money with low-cost, capacity-building tools, near-by workshops, info-sharing and conservation updates for your region.

Green Your Future

We connect your group's goals with others to achieve a high quality of life for thriving wild and human communities in your Carolinian locale.

Get Global

We bring global context to your projects & issues ~ from Toronto to Windsor ~ efficiently and effectively.

Benefit from OUR Strategic Program Areas

PROMOTING A RESEARCHED UNDERSTANDING

- ✦ Shared Landscape Strategies integrated with your goals
- ✦ Monitor Your Progress within a collective effort
- ✦ Conservation Decision-Making tools, resources & targeted research

NETWORKING FOR STEWARDSHIP & SUSTAINABILITY

- ✦ Good Ideas for stewardship issues
- ✦ Capacity-building for your staff, volunteers & youth interns
- ✦ Volunteer Recognition
- ✦ Insight from experts

CATALYZING EFFECTIVE ACTION

- ✦ Effective Promotion of your conservation projects
- ✦ Strategic Guidance & advice
- ✦ Ways to Grow new audiences
- ✦ Enhanced Community Pride in your nature & stewardship work

Working together we make a *significant difference* to the future of southwestern Ontario.

Senior Advisor, Biodiversity

Thames Talbot Land Trust
Don Gordon
Executive Director

It is imperative that we all work together to ensure that we can continue to count wildlife amongst our southern Ontario neighbours.

Developing a system of habitat cores and corridors simply makes good sense. That is why we purposely fund projects that will help make the CCC Big Picture a reality on the landscape.

The CCC Big Picture provides us with an ecological road map that allows us to invest our limited resources for maximum benefit.

Join a *leading* ecoregional network in the country. We're in Your Back Yard!
